living

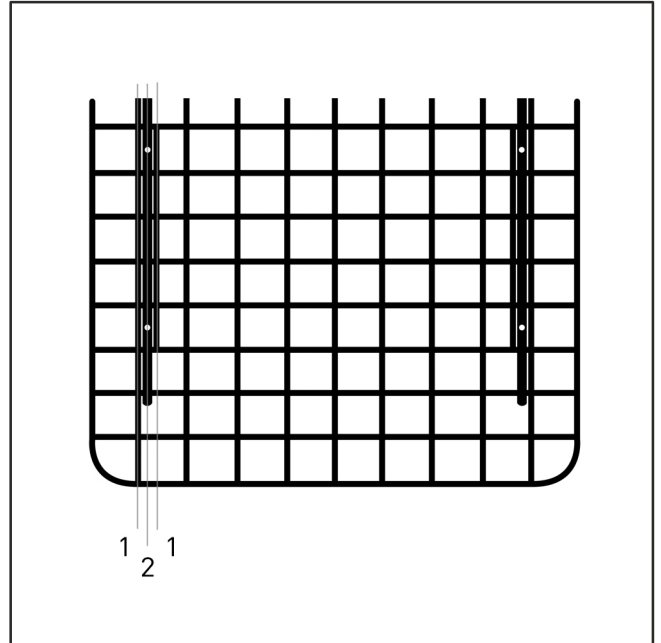

Assembly instructions
for all HKliving wire chairs

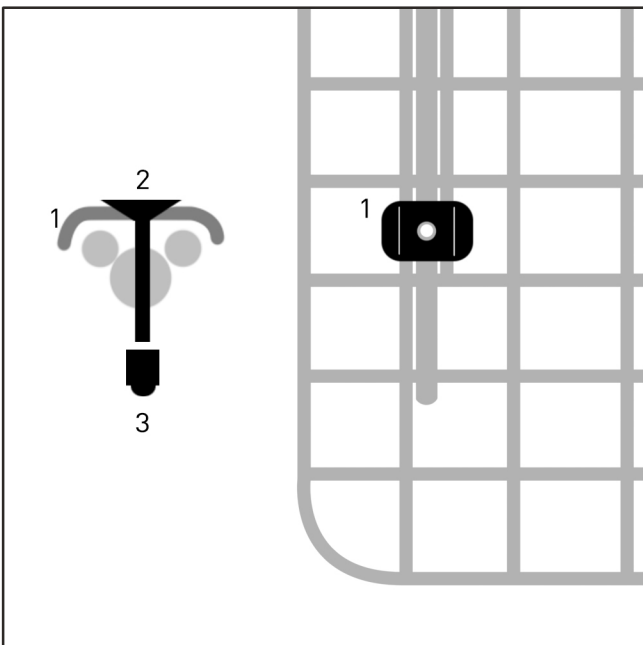

*

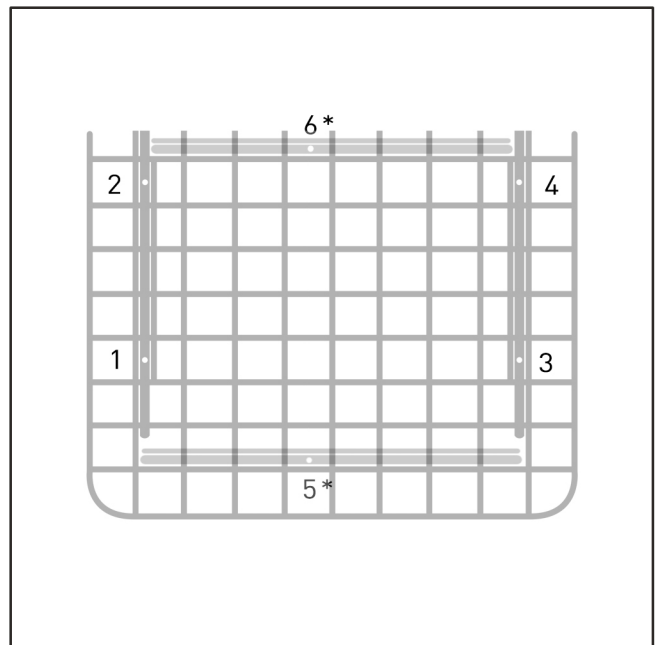

1. Place the seat onto the legs

2. Make sure the double wires(1) of the seat fit over the top wire(2) of the legs.

3. place the metal clip(1) onto the wires, over the hole. Insert the bolt(2) from the top and tighten the nut(3) at the underside.

4. repeat step 3 four times. For the lounge chair* it should be repeated six times.
